GRIEVE HOME MAINTENANCE LTD.

A PROMISE TO
OUR
'CONTRACT'
CLIENTS

We will continuously work with
you to maintain your home
as you like it.

Member of

Contract Customers are preferred clients.

As a contract client you receive:

- Priority service (over non-contract customers)
 - for all repairs and renovations
 - for all your gardening and landscaping needs
- Discounted labour rates
- No service charges
- No charge landscape consultations with our in-house horticulturist
- No charge landscape designs

- Flexible contract service packages
- Flexible contract payment options
- Consistent, professional services

WHAT DOES THIS MEAN?

Priority Service

We are never too busy to fix your dripping taps, hang your new light fixtures or install your new crown molding. If you are planning a renovation, we will put your estimate on the top of our “to do” pile and schedule your job ahead of pending non-contract renovation work. We are here to serve your needs.

Discounted Rates

Contract customers don't pay our \$25* service fee for small repairs and are charged a reduced hourly rate.

Landscape Consultations

Customers who have a seasonal or annual maintenance contract can make an appointment with our horticulturist to discuss the health, positioning or care of their plants. (Annuals, perennials, shrubs and trees) A minimum \$75* is charged to non-contract customers for this service.

Landscape Designs

If you are ready for a change, our in-house designer will design a new look for your yard—free of charge! This design would normally cost \$150–\$300*.

Flexible Contracts

Choose which services you'd like us to provide and how you'd like to pay (monthly, quarterly or one-time)

*Prices at time of printing
