Contract Customers are preferred clients.

As a contract client you receive:

- Priority service
 - for all repairs and renovations
 - for all your gardening and landscaping needs
- Discounted labour rates
- No service charges
- No charge landscape consultations with our in-house horticulturist

- No charge garden designs
- Low cost landscape designs
- Flexible contract service packages
- Flexible contract payment options
- Consistent, professional services

WHAT DOES THIS MEAN?

Priority Service

We are never too busy to fix your dripping taps, hang your new light fixtures or install your new crown moulding. If you are planning a renovation, we will put your estimate on the top of our “to do” pile and schedule your job ahead of pending non-contract renovation work. We are here to serve your needs.

Discounted Rates

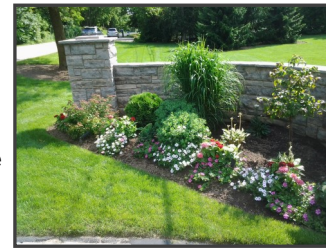

Contract customers don't pay our \$35* service fee for small repairs and are charged a reduced hourly rate.

Garden Designs

Customers who have a seasonal or annual maintenance contract can make an appointment with our horticulturist to discuss the health, positioning or care of their plants. (Annuals, perennials, shrubs and trees) A minimum \$150* is charged to non-contract customers for this service.

Landscape Design

If you are ready for change on a larger scale, our in-house designer will design a new look for your yard at a minimal cost. This cost will vary depending on the complexity of the design and is refunded upon our completion of the project.

Flexible Contracts

Choose which services you'd like us to provide and how you'd like to pay (monthly, quarterly or one-time).

Phone us first for:

- Small repairs & installations
- Replacement doors & windows
- Countertops
- Cabinetry
- Flooring
- Plumbing/electrical fixtures
- Kitchen, bathroom & basement renovations

- Outdoor structures
- Decks
- Interlocking brick
- Flagstone
- Retaining walls
